INCREASE IN POPULATION, ENROLLMENT
IN THE GRADES, AND IN THE HIGH SCHOOL,
BY DECADES.

■ POPULATION ■ GRADES ■ HIGH SCHOOL

THE SILVER AND THE GOLD

SONG OF THE GALESBURG HIGH SCHOOL.

[Words and Music by R. J. Erickson, Class of '07.]

Let voices raise in joyful lays
Our High School dear to praise,
From the earth unto the sky
Let the ringing echoes fly.
Let heroes bold with pride uphold
The Silver and the Gold;
And all unite to win the fight for Galesburg.

CHORUS

Dear old Galesburg High School!
Proudly may your colors float for ages yet untold.
Dear old Galesburg High School!
Praises to the Silver and the Gold.
Dear old Galesburg High School!
Your stalwart sons will ever by you stand;
Your daughters fair will ever round you rally
And sound your praises o'er our land.

In after years when we with tears
Have known life's hopes and fears,
As children still of thee
Our pride and joy shall be,
To sing the song, both loud and strong,
An ever swelling throng,
Which we of yore sang o'er and o'er for Galesburg.

GREETINGS TO THE ALUMNI OF THE GALESBURG HIGH SCHOOL FROM ITS PRESENT STUDENT BODY

The recently published history of our school system, which has been so favorably received in educational circles, suggested to us that perhaps our Alumni would be glad to receive something which would tell them of the present High School and put them in touch with each other.

We believe all will be interested in seeing the Galesburg High School as it appears at present. From the small beginnings of fifty years ago the school has now, with an equipment second to none in the state, reached a place almost pre-eminent in the country.

We are very happy and proud to be members of the Galesburg High School and wish you to renew your acquaintance with yourself at our age. You passed three, perhaps four, of the most valuable years of your life in our school. We are proud of the fact that through the interest of those who have worked here this institution enjoys such a prominent educational position.

Therefore, the student body of the Galesburg High School presents this little pamphlet to its Alumni in the hope that they may rejoice equally with us in the glory and honor which it has gained in the past and in the open door of opportunity which it offers to the rising generations.

With this pamphlet we send our heartiest greetings to all former students scattered throughout the world, assuring them that a cordial welcome awaits them should they visit us at any time.

May you ever rejoice in the Silver and the Gold, is the message of this booklet.

American History (9)	Reading (3)	American History (9)
Reading (3)	Authors (5)	Illinois History (5)
Authors (5)	German (9)	Reading (3)
Illinois History (5)		Authors (5)
German (9)		German (9)

FOURTH YEAR

Latin (College) Course	
Latin (9)	Illinois History (5)
German (9)	Rhetoric (5) and English Literature (4)
Advanced Algebra (4) and Solid Geometry (5)	Reading (3)
Chemistry (9)	Authors (5)

The figures at the right of the subjects indicate the number of credits allowed for each toward graduation. A credit means a month's work in a given subject, recited daily, and pursued to completion. One hundred credits are required for graduation in the three year course and one hundred thirty-five credits in the four year course.

Manual Training may be taken with each year's work and at least four credits will be given for it.

Mechanical Drawing may be taken with each year's work and at least two credits will be given for it.

Printing is now offered in each year's work and at least three credits will be given for it.

Domestic Science may be taken with the first, second and third year's work and at least three credits will be given for it.

Regular work consists of 17 recitations a week for the first year, and of at least 18 recitations a week for the second, third and fourth years. Each pupil is expected to do regular work unless excused therefrom for very good reasons.

Not belonging to the course of study proper, yet playing an important part in the success of the institution, are the High School Activities. They have done much to create the splendid spirit of co-operation and loyalty which characterizes the student body. They have been powerful agents in helping many a pupil "find himself" and discover his own powers and possibilities.

Among these activities may be mentioned:

- The Lincoln Debating Club.
- The Elizabethan Literary Society.
- The Analotos Society.
- The Science Club.
- The Gregg Shorthand Club.
- The Dramatic Club.
- The Camera Club.
- The Orchestra.
- The Girls' Glee Club.
- The Boys' Quartette.
- The Friday Luncheon Classes.
- The German Club.
- The Budget and Reflector.
- The Athletic Association.

HIGH SCHOOL ALUMNI.

NOTE—When the pupil has attended some higher or technical institution, the name of that institution is added in brackets, [].

HIGH SCHOOL ALUMNI

Of the 2,105 persons who graduated in the fifty years, 681 were boys and 1,423 girls. They were distributed among the decades as follows: in the first decade, 35 graduates, 6 boys and 19 girls; in the second, 86 graduates, 22 boys and 64 girls; in the third, 226 graduates, 57 boys and 169 girls; in the fourth, 635 graduates, 211 boys and 424 girls; in the fifth, 1,132 graduates, 385 boys and 747 girls. Of these 2,105 graduates 811, or more than 38 per cent. continued their education in higher institutions of learning—college, university or technical school.

It is a matter of importance as well as of interest to know in what lines of activity these graduates of the High School are already engaged. The following classification may be considered as reasonably correct: 501 home-makers, 220 in mercantile business, 194 office employees, 184 now teaching, 69 farmers, 59 in railroad service, 41 in mechanical trades, 31 nurses, 30 mechanical and civil engineers, 26 in government service, 21 physicians, 17 artists, 12 ministers, 9 day-laborers and 8 lawyers.

The work of gathering this information and preparing it for publication was done by the Gregg Shorthand Club under the direction of Miss Nellie C. Collins, head of the Department of Shorthand and Typewriting; and from an entertainment given by the Dramatic Club sufficient funds were raised to issue and send this booklet to the Alumni. These are fine illustrations of the spirit that characterizes the school and the many organizations found in it. They do things—not for personal honor or profit, but for the good of the school. These pages contain illuminating information on a question about which so little is known, "What becomes of the High School graduate?"
