YEAR	NAMES	POP.	YEAR	NAMES	POP.
1887	5,000	13,000	1894	8,411	20,186
1888	5,270	14,087	1896	8,534	21,441
1887	5,800	14,831	1898	9,272	22,252
1889	6,216	16,155	1900	10,369	24,885
1892	7,700	18,481	1902	12,393	25,405

THE unbroken record of our City's steady growth and undiminished prosperity, as shown by previous issues of this work, is maintained and surpassed by the showing in the present volume, Vol. X in the series of the Colville-Perry Galesburg City Directory. There are in this issue 648 pages, exclusive of 50 pages colored marginal index sheets—an absolute increase of 100 pages over the last preceding volume. The NAME DIRECTORY embraces a total of 12,393 names, which, using the ratio of 2.05 as a basis, shows a population of 25,405. The HOUSE DIRECTORY (pages 495 to 576) shows a net gain in number of dwellings in the city of 110, the total now standing at 4,563, with every indication of a busy season ahead in residence building.

These figures attest the solid basis upon which rests Galesburg's claim to be par excellence a city of Homes. The Publishers call attention to several new features of the present issue. The NEW COLORED MAP of the City, corrected to date and enlarged to include our suburb of EAST GALESBURG, showing Lake Rice with the extensive improvements carried out by the C., B. & Q. Railroad Co., Highland Park and the extensive Brick Works. Recent removals from the city and deaths will also be found noted in their proper alphabetical sequence. A list of Additions and Changes of Residence while the work was in press will be found on page 648. The marginal ALPHABETICAL INDEX and the street intersections in the House Directory, features first introduced in the last Directory, have been received with so much favor that the Publishers feel well repaid for the not inconsiderable labor and expense entailed and have made them permanent features. The Publishers desire to express their hearty appreciation of the cordial support extended them by the business men of Galesburg, and feel assured the Directory will be found worthy their continued patronage.

A STREET DIRECTORY will be found immediately following the NAME DIRECTORY.

A HOUSE DIRECTORY by Streets, giving Houses in numerical order, with name of occupant, follows the STREET DIRECTORY.

THE BUSINESS DIRECTORY will be found immediately following the HOUSE DIRECTORY. For full INDEX see front.

NOTE.—For the purpose of numbering, the city is divided North and South by Main street and East and West by Broad street. All streets running North and South take the prefix NORTH on all street signs North of Main street but have no prefix South of Main street. In the same manner, all streets intersecting Broad street take the prefix WEST on all streets West of Broad street, but have no prefix East of that street. In this Directory, however, the prefixes East, West, North and South have been used to prevent possible misapprehension. The numbering of the streets begins at the base line on Broad for streets running East and West, and Main for streets running North and South. Odd numbers are assigned to North and East sides of streets; even numbers to South and West sides. Numbers are assigned on the basis of twelve hundred to the mile, and as nearly one hundred to the block as practicable. The number of a house being given, it is easy to calculate its approximate distance from the sliding line in either direction.

"The Story & Clark piano will stand up to the heaviest and most rigorous tests, and will give you the best results in the most economical way."

"I found in the Story & Clark piano the best instrument in the world, and I have no hesitation in recommending it to all my friends."

"Story & Clark Piano Co. Your piano is the best I have ever seen, and I have no hesitation in recommending it to all my friends."

"Story & Clark Piano Co. I have no hesitation in recommending your piano to all my friends, and I have no hesitation in recommending it to all my friends."

Story & Clark Pianos Are the Best BECAUSE

They are made of the best materials.
They are built to last.
They are finished in the most perfect manner.
They have the most evenly balanced action.
They have the greatest and loudest tone.
They are the most reliable of any piano.
They are the most popular of any piano.

They have the most sympathetic touch.
They are the highest grade of piano.
Story & Clark has patented rolls.
They are all double reeders.
They give the most perfect action.
They please the most discerning.
You can buy them cheaper than any other high grade piano at the factory.

Six reasons why you should subscribe for *The Galesburg Evening Mail.*

1. IT PRINTS ALL THE NEWS ALL THE TIME. Both Telegraphic and Local.

2. ITS SPECIAL FEATURES ARE FULL OF MERIT. By competent writers.

These are circulation winners.

3. ITS EARLY AND EXCELLENT DELIVERY IS NEARLY PERFECT.

4. ITS CLEAN PRESSWORK MAKES IT EASY TO READ. The new press will improve this already strong point.

5. ITS SPECIAL SERVICES SHOW ITS PROGRESSIVENESS. The Mail office is the recognized news center of the city and the public gathers there on every important occasion for the latest news and neither money nor pains are spared to serve them. Extra editions are supplied to its readers as the news warrants them.

Special numbers, such as the last Christmas number, which caused such favorable comment, are published from time to time.

6. ITS PRICE IS ONLY TEN CENTS A WEEK. By mail or carrier.

If you wish to subscribe send us a card or telephone 2 on 217, both telephones.

Galesburg Street Directory.

NOTE—All streets running north and south take the prefix of NORTH on all street signs north of Main street, but have no prefix south of Main street. In the same manner, all streets intersecting Broad street take the prefix WEST on all street signs west of Broad, but have no prefix east of that street. In this Directory, however, the letters n, w, n and s, are used in all cases, to prevent possible misapprehension.

D. P. Whiting's Addition

TO GALESBURG, ILL.

THE attention of the public is called to the cut here shown, which is a correct copy of the plat on record. Lots in this Addition are now on the market for residents and investors. This Addition joins the C. W. Williams race track addition on the east, and is only three blocks from electric line, city limits, and city water mains, is near Lombard University, the lakes and brickyard plants, with the C., B. & Q. tracks on the east line, making a valuable site for factories. The water is excellent and the drainage good. The Home Nursery is located on five acre lot number 1. As this is just out of the city limits, the rates of taxation are low, making a good location for laboring men or retired capitalists. The County Alms House and St. Mary's school can be readily seen. Substantial encouragement will be given to factories or other enterprises.

Lots Sold on Easy Payments and Loans Secured for Those Wishing to Build.
